

Employee Spotlight

Judy Hendry
Hospice Nurse

Judy has been a nurse for 30 years and says working in hospice care is the most rewarding work she's ever done.

"It's very humbling. I look at it as an honor to go into people's homes, wherever their home may be, during such an important point in their lives. People are vulnerable at the end of their lives and to let us into their homes and their lives at that time is pretty amazing. This is the best job I've ever had. It will be my last job because I don't want to do anything else.
